

# ROWAN-VIRTUA School of Osteopathic Medicine

Anesthesiology Club

## Mission:

The anesthesia club is dedicated to promoting knowledge, skills, and camaraderie among students interested in the field of anesthesiology. We aim to provide educational opportunities, hands-on experiences, and networking opportunities to help students explore and excel in this exciting specialty!

## Description:

Our club is a great community of medical students sharing a passion for anesthesia. We provide a platform for students to gain knowledge about the field, gain valuable information, and connect like-minded individuals. Through many campus events we provide opportunities to learn all about anesthesia. Join us to expand your network and knowledge as we explore the great field of anesthesia.

## Events:

1. Resident panel with 1st year anesthesia residents
2. Nerve block ultrasound event
3. Intubation event in simulation center
