June 24, 2019

Dear First Year Students,

On behalf of the Family Medicine Department at Rowan University School of Osteopathic Medicine, would like to welcome you to our medical school. Congratulations on your acceptance!

This year the Family Medicine Department is hosting our first ever Camden Health Fair on September 14, 2019 in Camden, NJ. We would like to invite you to join in the preparation and planning for our health fair in September. The goal of the Health Fair is to provide health and treatment to the residents of Camden, NJ who have been hard hit by the opiate epidemic in observance of National Recovery Month. Attendees will include people struggling with addiction, people in early recovery, people in long-term recovery, and the substance use disorder treatment community. There will be resources on accessing treatment, including medication-assisted treatment for addiction.

We would be honored if you would join us for a Camden Health Fair Information Session on Wednesday, July 24, 2019 at 12pm in the Multi-Purpose Room (MPR), Academic Center at RowanSOM. Here you can find out how to get involved in the fair activities and the Camden Health Fair Planning Committee.

We hope the event will show that Rowan University and the residents of Camden care. RSVP to our event here: https://rowan.co1.qualtrics.com/jfe/form/SV_bHjeNVNRxXpEzU9 or you can email Jennifer Ehala at ehala@rowan.edu. Please RSVP by July 10th.

If you have any questions, or need any more information, please contact me directly. Thank you for your consideration.

Sincerely,

Joshua Coren, DO, MBA, FACOFP
Chair and Professor, Department of Family Medicine
Director of Continuing Medical Education
